SOUTHEAST LOUISIANA FLOOD PROTECTION AUTHORITY – EAST
REQUEST FOR QUALIFICATIONS

The Southeast Louisiana Flood Protection Authority – East (Authority) invites interested firms qualified to provide **Facilities Management Services** to submit Statements of Qualifications. The Authority intends to award one or more indefinite delivery, indefinite quantity (ID-IQ) contract(s) for these inspection services associated with various facilities management projects.

Southeast Louisiana Flood Protection Authority - East is an Equal Opportunity Employer. We encourage participation of Small and Minority/Women Owned Businesses as prime consultants or as sub-consultants on projects under the jurisdiction of the Authority. We rely on the Louisiana Department of Transportation and Development's list of DBE firms in determining whether a firm meets DBE requirements.

Firms will be evaluated based upon professional qualifications of the firm and individuals within the firm assigned to the project, specialized experience and technical competence in similar projects within the past five years, capacity to complete the work, location of offices and past performance on contracts with government agencies and private industry. A short list of qualified firms may be developed and oral interviews may be requested at the discretion of the Authority.

Additional information pertaining to **minimum qualifications, scope of work, required form of the submittal, and selection criteria** can be found on the Authority's web site at www.floodauthority.org under the "RFQ" tab.
