

Southeast Louisiana Flood Protection Authority - East

Request for Qualifications for Surveying Services for the SLFPA-E

Addendum No. 1

June 22, 2022

Questions / Answers

Q: What is the typical task order size of a project (a range of values)? What is the typical turnaround time you expect for a project?

A: The overall IDIQ Contract limit will be \$500,000.00 for 3 years. Individual task orders and deliverable schedules are dependent on the scope of work.

Q: What is the estimated percentage of task orders broken down roughly into:

- A. Topographic surveys
- B. Boundary Surveys
- C. Hydrographic surveys

A: Historically over the last 5-10 years a rough breakdown consists of:

Topographic surveys = 70%
Boundary Surveys = 5%
Hydrographic surveys = 25%
