

Southeast Louisiana Flood Protection Authority - East

Request for Qualifications for Civil Engineering Services for the SLFPA-E

Addendum No. 1 **April 30, 2025** **Questions / Answers**

- Q: Will you require wet signatures on the six originals to be submitted?
- A: **No. Original signatures are not required.**
- Q: The RFQ doesn't require that Geotechnical Engineering Services be included. Does FPA-E have a separate list of approved Geotechnical Engineering firms?
- A: **FPA did not go out for Geotechnical Services for this round of IDIQ RFQs. Those services will be procured separately and do not need to be included as part of the Civil RFQ.**
- Q: Is the Prime required to submit a fully complete SF330 for each subcontractor? We plan to submit a fully completed SF330 as a Prime but for our subs we are only planning to include the following:
- Company Address + Firm Logo
 - Identify element of work to be performed
 - Section E Resumes for staff
 - Signed SF330 Part II Form
- A: **No. A single SF330 for the team is required. Separate SF330 for Subcontractors are not required.**
